COLLECTION  
2025-2026

PASSIONATE  
CRAFT  
FOR LIFE

# THE BRAND

Lucaris is inspired by a series of passionate experiences by delivering the smart choice of crystal glassware, a reflection of taste and style. Attained a world-class status with lead-free crystal, Lucaris aims to spread and embrace people into a **PASSIONATE LIFESTYLE EXPERIENCE** through modern Asian crystal craft and creations. Expertly delivering world class innovations with exquisite Asian craftsmanship, Lucaris offers a wide selection of crystal glassware that elevates life experiences with passion and pride and opens up a world of passionate experiences.

PASSIONATE CRAFT FOR LIFE.

THE BRAND SCAN TO DISCOVER.

# MODERN ASIAN CRAFTED CRYSTAL

Glassmaking expertise of Ocean Glass Thailand and the glass technology from Germany brought together, have resulted in the creation of world class quality crystal glass. The lead-free crystal glass composition, with physical aesthetics comparable to conventional lead crystal results in exceptional clarity and brilliance with strength and durability.

Lucaris celebrates a remarkable success, reaffirming its global recognition with an impressive collection of prestigious international design awards including the iF Design Award, Good Design Award (G Mark), Contemporary Good Design Award, and Golden Pin Design Award.

# WORLD CLASS QUALITY

## FINE RIM

Laser cut rim provides elegance, and refines visual sensory.

## COLORLESS & TRANSPARENT GLASS

Absolute colorlessness and transparency of the glass allow wine to express its true visual characteristics.

## OVERSIZE BOWL

Special oversize bowl enables the wine to develop its tastes and aromas to the fullest.

## SEAMLESS STEM

Smooth & seamless stem gives premium sensation to wine sensory.

## FLAT BASE

Flat base provides greater stability and breakage resistance.

ULTRALIGHT

ULTRALIGHT

Drawing inspiration from Traditional Chinese Medicine and Astrology, Ayurveda, as well as Western conceptions of the elements, we designed glass shapes that bring out the “element” in any wine style. Each glass is multi-purpose and can be used for red, white, rosé and even sparkling wines.

**SARAH HELLER**  
**MASTER OF WINE**  
DESIGN COLLABORATOR

SCAN TO DISCOVER.

Sarah Heller, Master of Wine and Lucaris Crystal set out on a journey to create a new glassware range. Preferences in wine were highly personal. What is perfect for one person, situation or meal may not be so for another. Wine is also inherently complex, therefore trying to match each glass to each wine created more confusion than harmony.

THE ELEMENTS ULTRALIGHT is a handmade-by-machine version of fine, lead-free crystal glass, embodying all the elements of handcrafted glass quality and properties—including thin walls and ultra-lightweight design—to ensure a refined appreciation of wine, serving the best affordable choice suited to all occasions.

A woman with dark hair pulled back is seated in the back of a classic car. She is wearing a black, long-sleeved, sequined dress. She is holding a tall, elegant glass of champagne in her left hand. Her right arm is resting on the brown leather seat. The car's interior features brown leather upholstery and a wood-trimmed window frame. The background is a clear blue sky. The word "DESIRE" is written in white, serif capital letters across the middle of the image.

DESIRE

Passion creates perfection.

The art of vinification goes beyond traditional mastery. It's the affection, that brings wine lovers, and glassmakers together to co-create an exquisite crystal stemware.

Every single glass is uncompromisingly clear and brilliant, co-designed and co-created by Lucaris and the Hong Kong Sommelier Association - Greater China. Aerlumer®- the bottom curl lines at the bowl makes for an unprecedented appreciation experiences.

MULTI-AWARD WINNING COLLECTION

## A GREAT COLLABORATION BETWEEN WINE LOVERS AND GLASS MAKER

Mr. Nelson Chew, President of Hong Kong Sommelier Association (Greater China) & Vice President of ASI Asia Oceania and award-winning sommeliers together with LUCARIS have co-designed and co-developed the Desire glass with the innovation that can make the wine appreciation different.

Aerlumer®

Aerlumer® encourages micro-oxidation and softens the wine while swirling. It allows diversified interaction between wine and air, intentionally subtle to avoid effects when discovering colors of wines.

A man with a beard and short brown hair, wearing a dark green suit jacket over a dark shirt, is smiling and looking down at a cognac glass he is holding in his right hand. The glass contains a small amount of amber liquid. He is standing in a dimly lit bar with shelves of bottles visible in the background. The lighting is dramatic, highlighting his face and the suit.

GRÀN

FROM GRAIN TO GLASS

Drawing inspiration from grain, the base ingredient of whisky, The Gràn Collection represents a unique approach to the whisky tasting glass. Before, one single glass was used for all styles of whisky, an unthinkable approach in other beverage categories. Whisky covers a vast range of aroma and flavour, and The Gràn Collection features four tasting glasses optimized for key distinctions of whisky.

## MATTHEW FERGUSSON-STEWART

DESIGN COLLABORATOR

Known as 'Son of Whisky', Matthew is a multi-award-winning whisky brand ambassador, passionate about whisky. He believes that while its most important aspects are organoleptic ones, this cannot be separated from history, production, ingredients, community and ways of consuming. In creating The Gran Collection, Matthew has been inspired by all these aspects. The name 'Gran' itself references the key ingredient of whisky and expresses it in the historical language of Ireland and Scotland, the birthplace of whisky.

### CLASSIC

#### PERFECT BALANCE

A classically styled stemmed and tulip shaped glass designed for balanced whiskies, and well suited for any high-end whisky venue.

### DELICATE

#### FRUITY FLORAL AND GRASSY NOTES

A unique angled rim designed to emphasize the light fruity and floral notes in more delicate whiskies and enhance the nosing experience.

### SHERRIED

#### BOLD BULGED

A wider bowl to increase interaction between whisky and air to bring out the deep dried fruit and chocolate notes of sherry cask whiskies.

### PEATED

#### CAPTURED HEART OF PEAT

A narrow rim that expresses the richer earthier notes of a peated whisky

FINE CRYSTAL BARWARE

MULTI-AWARD WINNING COLLECTION

Thailand - Japan Design Award Partnership

RIMS CURATOR

**THOMAS ANOSTAM CREATIVE**  
HOSPITALITY CONSULTANT

Thomas has gained broad professional experience in creative hospitality by working for a long list of famed hospitality destinations worldwide. He specializes in the creation of food and beverage menus, customizing creative solutions for layout, design, styling, and décor, bar setup, staffing and training, as well as the implementation of hospitality events and venue concepts.

For good sense, RIMS is the blank canvas. Simple at first glance; complex once familiarized. Neutral with a feel of purity through subdued forms of elegance, yet bold as they contrast classic and modern aspirations. Complete only when topped up and ready to be served, this range of fine crystal barware allows for your creativity to shine bright, with no interference, in turn letting your venue and concept reach full bloom.

## RIMS ORIENT

Representing the luscious Southeast Asian rainforest with its wild wet monsoon, RIMS Orient lets you imagine RIMS overflowing.

The lines of water running down the crystals; droplets of water slowly traveling down the stems, like pearls on tender straws of the forest bed. Through bamboo, immerse yourself in a world of tropical fruitfulness, where thirsts are always quenched and creativity is set to run free. RIMS has been created to cater the real needs for high-end bars including timeless design, versatility and variety, and durability, co-developed and co-designed by Lucaris and Mr. Thomas Anostam, Asia's famous creative hospitality consultant.

A man in a dark suit is playing a red violin. A woman in a blue velvet dress is sitting and holding a glass of white wine. The background is dark with some red accents.

# TOKYO TEMPTATION

In Tokyo, state-of-the-art technology and ancient traditions are intertwined in everyday life. It constantly reinvents modernity by embracing futurism together with historical values.

This breathtaking metropolis inspires Tokyo Temptation series, a contemporary version of a classic design intended for modern upscale dining where panache and formality are to the fore.

BANGKOK  
BLISS

Bangkok is where heritage and the hypermodern exist side by side. A sense of casualness goes hand in hand with the high-energy urban rhythm.

Bangkok Bliss series captures the sense of this eternal city with time-honored classic design harmonized with easygoing elegance. It is intended for laidback gatherings and chic casual dining where a sense of style is essential.

SERENE

Serenity is a sense of calm, breathing clearly as your mind floats through refreshing moments. An airy, sophisticated lifestyle is enhanced by traditions and the common joys of life.

A key element in the Serene collection is the expression of relaxation and indulgence.

This glassware series elevates special occasions to enjoy a pleasurable moment with friends amidst fine ambience. The design's objective is to communicate simple, practical and casual sensations, capturing the essence of timeless style that constantly embraces modernity together with time-honored values.

# DISHWASHER GUIDELINES

Lucaris Crystal Stemware & Barware are commercial dishwasher safe. Proper cleaning and handling will ensure long lasting brilliance, clarity and enhanced natural beverage flavors.

It is always best to put similar-sized glasses together. This will improve stability and prevent abrasion among glasses, thus preventing breakage.

Thoroughly wipe-off residues like lipstick stains, before placing in the dishwasher.

Place glasses in the top rack.

Each rack should be distanced properly according to the height and width of the glasses. This will ensure stability during washing.

We recommend choosing a cycle with minimal heat and “glass friendly” dishwasher to wash the glasses.

Once the cycle has completed fully, open the door to allow the steam to escape and let the glasses cool naturally.

We recommend polishing glasses after removing from the dishwasher to eliminate unwanted water spots. Glasses should still be slightly damp for best results.

Lucaris stemware and tumbler glasses are known for their high quality and durability. According to the test report from Ocean Glass’s Research and Development, both Lucaris stemware and tumbler glasses can withstand at least 2,500 dishwashing cycles in a commercial dishwasher with no demonstrable change to their shine or clarity.

## CARE RECOMMENDATIONS

1. Wash with warm water. Detergent and glass cleaner should not be used.
  2. Leave glasses to drain for a while on a linen towel.
  3. Steam glasses over boiling water for superior shine.
  4. Use 2 micro-fiber crystal towels for polishing. Hold glass by base to polish the base.
  5. Use left hand to cradle the bowl and polish it with your right hand. Never twist the base and bowl as this could lead to breakage.
  6. Your hands must always be clean. Keep paper towels within easy reach to encourage cleaning them.
  7. Enjoy superb results!

Good Design.

# WE CHANGE FOR A BETTER PLANET

## LEAD-FREE CRYSTAL AND 100% RECYCLABLE

- ✓ Lead-free crystal ensuring product safety and environmental protection
- ✓ Sustainable and reusable products
- ✓ Fully certified for safe usage with food and drinks
- ✓ 100% recyclable product

## ECO PACKAGING

- ✓ Reduces environmental impact
- ✓ Made from materials that remain non-toxic throughout the life cycle
- ✓ Designed to optimize materials and energy
- ✓ Effectively recovered and utilized in biological and industrial closed-loop cycles
- ✓ 100% recyclable packaging

## GREEN FACTORY

- ✓ Solar Rooftop reduces 1.38 million kilograms of Carbon dioxide (CO<sub>2</sub>) per year, equal to plating 172,000 trees
- ✓ Water Recycle System reduces 90 million liters of water resources per year
- ✓ Glass Cullet reduces 23 million kilograms of water natural resources per year
